# Second Baptist Church SIGNAL

**There's no more important week ...** of the year, than the week of Vacation Bible School! During Vacation Bible School we have the opportunity to teach children about Jesus, love many children with the love of Jesus, and help children embrace Jesus as their personal Savior. Although everything we do as a church has meaning and significance, what could be more important than these three things?

**As I write, the response to our call for VBS workers ...** has been overwhelming. So many of our members, of so many ages, have answered the call and volunteered to invest their time, energy, and love. We all owe a great debt of gratitude to them and to our Children's Ministry Coordinator, Patricia Fowler. I'm confident that because of their efforts, we'll experience our greatest VBS yet! And I'm also grateful for the parents of our church and community, who will place their trust in us by sending their children to VBS, each evening.

**A "successful" VBS is always ...** a "joint-effort", and even if you're unable to actively participate in this year's VBS, you can still play a vital and essential role in making our week successful. Regardless of who you are, your age, or your abilities, **you** can pray for our VBS. In fact, we **need** you to pray! Please begin now, praying for good weather, our workers and leaders, the children who will attend and their parents, and most of all, for those children who will trust Christ because of our VBS. You're going to be thrilled when, in just days, you'll be able to see how God has answered your prayers!

### SECOND MILERS

The Second Milers, (anyone 55 years or older and their guests), are in for a real treat this month! We will meet at the church on June 26th at 11:15 and then we will carpool to Foundation Fitness at 11:25. If you run late just meet us there. Dr. Virginia Anderson will take us on a tour and introduce us to the Silver Sneakers program which is a senior exercise program which is FREE with certain Medicare supplements. It's purpose is to improve your physical condition, possibly lower your need for medications while reducing stress and giving you more energy. Who couldn't use that?! While there we will eat lunch in their restaurant where prices run from \$5.50 for the daily special, (that includes your drink), to \$8.75. They serve a variety of foods. See you then!!
